Academy of Economics and Finance

55th Annual Meeting

Houston, Texas
February 14-17
2018
The Sam Houston State University College of Business Administration is proud to sponsor the 2018 AEF President’s Reception
Dear AEF Members and Guests from FEA and ABE,

It is my pleasure to welcome our members and guests to the 55th annual meeting of our organization. Hurricane Irma forced the cancellation of annual meetings of the Financial Education Association and Academy of Business Education scheduled for September 2017 in Savannah, Georgia. Robert Stretcher, a long-standing member and Ambassador, together with Timothy Michael, the Executive director of the Financial Education Association, arranged for members of FEA/ABE to present their papers at our conference as guests. Extra efforts of the local arrangements team and the program chair made it possible to acquire additional rooms and handle additional scheduling. I encourage the membership to reach out and make our FEA/ABE friends feel welcome and view this as their own conference.

There are 160 submissions from AEF members and 59 from FEA/ABE. In addition, there are 23 undergraduate, 1 MBA, and 7 doctoral papers; 3 in economics and 4 in finance. The total figure of 250 papers is well above our average. This year we have submissions from 146 universities representing 31 states and 13 countries.

The President’s reception on Thursday night is sponsored by the College of Business at Sam Houston State University. We appreciate the generous support and thank Mitchell Muehsam and the college. We also acknowledge and appreciate the support of the College of Business Administration and Public Affairs of Alabama A & M University and Dean Del Smith for sponsoring all the breaks for the conference. We acknowledge and thank the J. Whitney Bunting College of Business at Georgia College and State University for sponsoring the Edward Nissan Undergraduate Paper Competition.

Cengage Learning has again sponsored the Teacher Training Program and the breakfast on Saturday morning. Countless members have benefited from the training. John Carey from Cengage Learning provides a constant presence throughout the conference and is available the entire time. Please stop by the Cengage table or come to TTP to thank John for uninterrupted support over so many years.

We thank eLearning for returning as a sponsor. Please stop by their table to show your interest and appreciation for their learning tools. The reps are well-trained and helpful.

I would like to thank Keith Phillips, Assistant VP of the Federal Reserve Bank of Dallas, San Antonio Branch, for his role as our keynote speaker at the J. Anderson Davis Lecture on Friday. I also would like to give credit to Dave Jackson of University of Texas Rio Grande for his assistance on this matter.

The Academy’s conference is a demanding task. The bulk of the load was on the shoulders of Michael Toma (President-elect and Program Chair). The ongoing responsibilities of the local arrangements were shared by Doug Berg and Robert Stretcher. Olivier Maisondieu LaForge (First Vice President) is responsible for the Outstanding Conference Paper Competition. Speros Margetis (Second Vice President) is coordinating the Best Doctoral Student Paper Award, as well as the Best MBA Student Paper Award. Brooke Conaway is in charge of the Edward Nissan Undergraduate Paper Award. Jason Beck and Mary Funck organized the Teacher Training Program and its presenters, sponsorship, and activities. Three people deserve special thanks: Kath Henebry (Secretary), Richard Vogel (Treasurer), and Doug Berg (Webmaster). They have been serving in their respective positions for as many years as I can remember. Many times during the past year, I have relied on them to provide assistance. They are always there for the Academy and are very effective.

We welcome everyone to join us next year in Saint Pete Beach, Florida.

Enjoy the conference!

Registrants at the annual AEF conference may submit their papers to the *Academy of Economics and Finance Journal*, Volume 8, for publication. The AEFJ is blind-reviewed and is edited by Clay Moffett (finance) and Adam Jones (economics) at UNC Wilmington. The journal is generally published late in the fall following the conference. Copies of Volume 7 may still be available at the registration desk, for your review.

Papers must be submitted by May 1st, but the editors are flexible. The submission method is with an electronic copy of the paper through e-mail. Finance papers should be sent to moffettc@uncw.edu; economics papers should be sent to jonesat@uncw.edu. The subject line of your email should state ‘AEFJ PAPER’ and the name of your file must be the last name of each author, AEFJ, and the year all separated by an underscore. (For example: smith_jones_brooks_AEFJ_2017.)

The submission fee for the AEFJ is $95; full payment is due at the time of submission. The submission fee can be paid by credit card or by check. To pay by credit card, go to www.paypal.com and open an individual Paypal account, then select "Send Money." Send your payment to "aef1234@yahoo.com". **NOTE: if you decide to pay through Paypal, add $3 to your submission fee.**

If you choose to pay by check, your check should be made to the Academy of Economics and Finance and should be mailed to: Clay Moffett (for finance papers) or Adam Jones (for economics papers), Department of Economics and Finance, UNC-Wilmington, 601 S. College Rd., Wilmington, NC 28403.

The paper must be prepared using Microsoft Word. Papers in any other format cannot be accepted. Papers should be prepared according to the guidelines suggested at the AEF website (http://economics-finance.org); papers submitted absent broad adherence to these guidelines will be returned to the authors for editing and resubmission.
Guidelines for the Submission of Papers

Registrants at the annual AEF conference may submit their paper to the Proceedings editors for publication. The editors of the Proceedings volume will be determined at the business meeting on Friday evening. The new editors will contact registrants of the conference with instructions about submitting manuscripts for consideration of publication in the Papers & Proceedings. The volume in usually published in November following the conference.

The submission fee is $65 for papers with one author and $80 for papers with multiple authors. Papers are limited to eight pages, including tables, figures, and appendices. A charge of $20 per page applies for papers in excess of eight pages. Full payment is due at the time of submission. To pay by credit card, go to www.paypal.com and open an individual PayPal account, then select "Send Money.” Send your payment to "aef1234@yahoo.com.” NOTE: if you decide to pay through PayPal, add $3 to your submission fee. Checks should be made to the Academy of Economics and Finance and should be mailed to the new editors as determined at the business meeting. After the conference, please visit the AEF website or contact the AEF Secretary or President to inquire about the submission and payment process.

Submitting authors and co-authors will each receive one copy of the Proceedings volume. Authors of papers published in the Proceedings can buy additional copies of the Proceedings volume at $20 per copy ($15 for the copy and $5 for the postage). Authors must specify, upon submitting their paper, how many additional copies they want to purchase. For those with co-authored papers, all copies of the Proceedings will be mailed to the submitting author. That person will be responsible for distributing the additional copies to the co-authors.

The paper must be prepared using Microsoft Word. Papers in any other format will not be accepted. Papers must be prepared according to the guidelines suggested at the AEF website (http://economics-finance.org); papers submitted absent broad adherence to these guidelines will be returned to the authors for editing and resubmission.
Keith Phillips joined the Federal Reserve Bank of Dallas in January 1984. His areas of concentration include regional economics and economic forecasting. Research Papers in Economics, which tracks publications in economics, ranks Phillips in the top five percent of economists across the world in terms of the number of distinct publications. Over the past sixteen years he has been the most accurate forecaster for Texas job growth in the Western Blue Chip Economic Forecast.

In August, 1996, Phillips was transferred to the San Antonio branch in an effort to improve the regional economic coverage of the Dallas office and to better serve the needs of the South Texas community. Phillips teaches courses in managerial economics and quantitative analysis in the Executive MBA program at UTSA. He obtained his Ph.D. in economics from Southern Methodist University and holds a B.A. and M.A. in Economics and a Bachelor of Journalism degree in News/Editorial from the University of Missouri at Columbia.

MANKIW, 8E WITH MINDTAP

The best-selling principles text in the world and the most widely used digital solution combine for an incredible learning experience! With MindTap for Mankiw, students are focused and engaged while instructors have access to the kinds of teaching tools worthy of the excellence they bring to the classroom. While MindTap is a complete course right out of the box, instructors also have the ability to customize it using their own materials or other resources to truly make the course their own.
